

# Closing the Loop on EPS

Business efficiency network supporting business in a changing climate

## Close the Loop

Close the Loop (CTL) is an Australian owned resource recovery and recycling company with a global reputation for providing creative end of life product management services. Specialising in post-consumer recycling (PCR), CtL provides its services to leading global manufacturers of consumer and business to business products.

**13** Partnered with major printer manufacturers

**35,000** collection points around Australia

## Our Solution

### Australian Polystyrene Recycling

## The Benefits

- ✓ CTL estimate they will be recycling **15 tonnes** of EPS every year, with a payback period of 1 year for purchasing APR's machine
- ✓ CTL save **\$20,750** annually on EPS disposal costs

*"The extruder has delivered great benefits in EPS processing with major savings in both cost and storage space. It has also been seen at all levels of our organisation as a great step forward in enhancing our brand promise of 'zero waste to landfill.'"*

**Richard Bushnell**  
Facilities Manager  
Close the Loop
